深資童軍支部
支部徽章

火炬一直以來與深資童軍支部有密切的關係，榮譽童軍獎章領袖標誌及榮譽童軍獎章都是以火炬圖案為主。而火炬本身形狀似“V”字，加上火炬上呈“S”狀之火焰，正是深資童軍支部的簡寫“VS”。

火炬同時具有薪火相傳的意義，象徵深資童軍支部為童軍運動以至社會培育未來領袖之目的。

序
Preface

深資童軍支部是青少年邁向成熟的重要學習平台。15 至 20 歲的青年正處於確立價值觀、探索人生方向的關鍵階段，適合透過更高自主度及責任感的訓練模式，學習自我管理、策劃及領導他人。此階段的訓練有助青年逐步建立清晰的個人目標與人生方向。

深資童軍支部以「自務自治．明日領袖」為核心理念，鼓勵成員在自務自治的架構下，主動策劃活動、參與服務及接受挑戰，從中鍛煉組織能力、溝通技巧、決策能力及承擔精神，為成為青年領袖作好準備。成員在實踐中學習為決定負責，培養成熟的領導態度。

是次修訂的訓練綱要，清晰整合段章制度與進度性學習歷程，強調策劃、行動與反思並重，協助深資童軍建立成熟的思考模式及穩健的行事態度，並培養持續自我提升的能力。整體設計更着重學習深度與質素。

新訓練綱要亦加強深資童軍與社區的連結，透過實際服務與團隊合作，引導成員關心社會需要，在真實情境中實踐所學，培養公民責任感與社會承擔。讓服務不只是活動，而成為價值實踐的一部分。

本人謹向支部訓練檢討工作小組及所有參與修訂工作的領袖致謝，感謝他們為完善深資童軍訓練制度所作出的寶貴貢獻。期望深資童軍能善用童軍提供的學習平台，勇於承擔、持續成長，逐步發展成為具影響力的青年領袖。

前 言
Foreword

在整個童軍運動中，深資童軍支部將涵括 15 至 20 歲（即 21 歲生日前一天）的成員，在這一階段的青少年成員，往往面對各種困難。由學業環境急速轉變，從高中至面對公開試到大專 / 大學或職場的過渡，帶來巨大不確定性；同時，他們需從青少年逐漸蛻變為成年人，面對社會責任、身份轉變及生活平衡等的挑戰，正正就是本綱要提供的學習需要：

本綱要主要修訂如下：

1. 強化「自務自治」的角色。特此修改現時的「深資童軍執行委員會訓練班」，除了讓成員明瞭「執行委員會」、「有效會議程序」，更有系統地「組織活動」。同時讓成員建立人際網絡，共同面對挑戰。

2. 強化「選擇」。作為青少年成員最高規格之獎章，除保存傳統「童軍技能」的訓練外，亦於不同範疇中增加「新選項」，例如：「服務社會」項目中新增三個選項（手語、精神健康急救、SOUL Keeper 精神健康守護者課程）及「多元技能」項目中的「新體驗」等，提供更廣闊的選擇。

期望深資童軍成員在新修訂的訓練綱要下，善用寶貴的時間獲得最有效的訓練，在個人發展的同時，亦能為童軍運動及社會發展出一分力。最後，本人在此代表香港童軍總會，向為編制本訓練綱要付出努力和貢獻的人士致謝。

引 言
Introduction

本書詳述深資童軍支部組織、規條及訓練課程，並詳列深資童軍支部各個獎章的考驗範圍及應達到的水平。

本書乃本會正式訓練手冊之一，有關領袖均須遵照執行。如有任何進一步修訂，請留意日後所發出之通告。

何謂自治？
自治為透過民主選舉制度並根據童軍運動原則，以執行委員會模式自行管理及發展團務。

何謂自務？
自務為成員按照該旅團的需要自行計劃深資童軍團行事曆，積極參與訓練、服務及各類型比賽，使之具備組織能力，能擔當成年人角色。
自治和自務兩者必須互相配合才可全面發展成員的個性，最終目的是讓深資童軍累積更多以童軍活動為本的管理經驗，培養領袖素質。

領袖角色
領袖作為成員的楷模，須定時給予執行委員會成員及其他工作小組成員指導。有關引導工作包括活動前的計劃建議及活動後的解說及檢討。惟領袖需給予成員執行計劃的自由度，以發展成員之領導能力為目標。

簽發人角色
與主考人確定相關考核完成後，簽發證書的人士。

會員章: 由深資童軍團長與團執行委員會商議後頒發;

肩章: 由深資童軍團長安排主考人及簽發;

各段章: 由深資童軍團長安排主考人及簽發，亦可由所屬區總監及其代表（一般為助理區總監（深資童軍））協助安排。如團長因任何原因未能安排主考人，其所屬區總監及其代表有責任協助安排;

各金帶: 經團長協助，安排區總監、地域總監、青少年活動總監或上述人士之代表擔任主考人及簽發。如團長及區會因任何原因未能安排主考人，其所屬地域總監及其代表（一般為地域總部總監（深資童軍）或助理地域總部總監（深資童軍））有責任協助安排。

主考人角色
一般簽發人均可擔任為主考人。而簽發人亦可安排由相關資格的人士擔任主考人。主考人可以是相關範疇中專業人士，並不一定為童軍領袖，唯簽發人需要為主考人提供清晰及適當的指示以便完成考核。

第一章 深資童軍支部的組織及規條
CHAPTER 1: Organization and Rules of Venture Scout Section

目的
深資童軍支部旨在延續童軍支部之訓練，使童軍運動得以薪火相傳，並為社會培育未來領袖。

深資童軍支部的教育目標是「自務自治 明日領袖」。深資童軍採用自務自治方式，並透過戶外生活、自我挑戰活動及遞進式訓練，學習自學、自立及自律、鍛煉良好體魄、培養策劃、組織及領導才能、領略與人共事之道、增進人際關係技巧、實踐團隊精神及為踏入社會前做好準備。

方法
在成人領袖的引導下，深資童軍運用執行委員會制度，以自治和自務方式配合有進度性及富挑戰性之活動及訓練誘導成員，以達到深資童軍支部的目的。

童軍誓詞
我願以信譽為誓，竭盡所能；
對神明，對國家，盡責任；
對別人，要幫助；
對規律，必遵行。

童軍規律
（一） 童軍信用為人敬。
（二） 童軍待人要忠誠。
（三） 童軍友善兼親切。
（四） 童軍相處如手足。
（五） 童軍勇敢不怕難。
（六） 童軍愛物更惜陰。
（七） 童軍自重又重人。

童軍銘言

深資童軍團的最低應有標準
根據總會《政策組織及規條》：

人數
一已成立的深資童軍團，最少要有深資童軍六名。

領袖
一深資童軍團最少要有兩名領袖，其中一名必須持有領袖委任書。此外，其中一名領袖的性別必須與該團成員相同。如團內有男及女成員，則必須有男及女領袖。

訓練
深資童軍的活動與訓練，必須遵照總會出版的「深資童軍訓練綱要」及所頒佈的任何有關修訂文件。

團執行委員會
該委員會負責設計及推行年度活動計劃。

深資童軍團內部組織及功能
內部組織
1. 全體團員大會

1.1 職責

此大會為深資童軍團之最高行政機構，負責訂定及修改團章、制定長遠團務政策、選出執行委員會委員、檢視執行委員及其他臨時工作小組所籌劃之活動與訓練及審核團財務情況。此大會每年最少召開一次會議。

1.2 組成

所有有效深資童軍成員。

1.3 權力

所有有效深資童軍成員可透過民主及公平的投票方法就特定議題投票。除非有關議決違背童軍運動原則，否則所有有關團務的投票結果均屬最後決定。

2. 執行委員會

2.1 職責

執行委員會須遵照團員大會的決定負責團內的組織、活動及行政等常務事宜。短期計劃應由執行委員會首先策動。

2.2 組成

執行委員會設有主席、文書、財務及其他職位，由全體團員大會視乎情況而定。執行委員會由所有團員選舉產生，包括主席及其他由團員決定的委員人選。各職位可在團員大會中選出或由各委員互選擔任。不論採用簡單多數制、內閣制、兩輪決選制、累積投票制或比例制等選舉辦法，逐個職位投票或選出委員再決定職位，選舉制度必須因應團的發展而訂，而選舉辦法應清晰地載於團章。

2.3 權力

全體團員大會及團章賦予執行委員會及其委員權力代表深資童軍團處理一般行政及常務事宜。但如有議案涉及整個團利益，相關事項必須於全體團員大會中詳細討論及投票表決。

3. 臨時工作小組

3.1 職責

小組主要用作推行旅團的特別活動。職責應由執行委員會決定。

3.2 組成

臨時小組成員由執行委員會委任或由團員自由加入。較多成員的深資童軍團可通過成立這種小組，讓非執行委員會委員的深資童軍亦可參加實際團務及活動策劃，讓各團員都有機會發揮領導才。臨時小組主席及其他工作崗位由該組組員互選或協商產生。

3.3 權力

由於臨時工作小組由執行委員會委任，故需直接向執行委員會匯報工作並向全體團員負責。

領袖的職責及要求

4. 領袖角色

4.1 深資童軍團領袖在全體團員大會中可擔當顧問角色，向各深資童軍成員提供意見。

4.2 深資童軍團領袖皆為執行委員會的當然委員。深資童軍團長可根據團員之成熟程度及經驗，出任執行委員會主席，或安排團內領袖擔任執行委員會任何職位。

4.3 深資童軍團長作為團之最高負責人，擁有團內任何會議所通過的議案之最終解釋權及否決權。如團內任何會議之議決違背童軍運動原則，深資童軍團長有責任及權力否決有關投票結果並停止相關活動，並向團員作出適當之指引。

預期成果

深資童軍應積極參與或策劃各類型活動（如技能訓練、服務、比賽等），出任團執行委員會、工作小組成員及青少年活動署和各地域的深資童軍議會委員，並嘗試於各類型活動中擔當領導角色。當深資童軍完成整個支部訓練後，應可達致下列預期成果：

1. 深造童軍技能外，啟發「多元技能」發展；
2. 掌握「活動策劃」的技巧，培育「明日領袖」；
3. 拓闊人際網絡，建立合作精神；
4. 培養「自務自治」及「服務社會」的精神；
5. 享受「戶外探險」，拓展視野，從而欣賞及尊重大自然。

當完成深資童軍訓練或年滿 21 歲（以西曆生日計），深資童軍可繼續從事童軍活動，擔任童軍領袖工作；或加入樂行童軍團。樂行童軍是第五個訓練支部，旨在維繫關懷社會、熱心服務之青年，給予他們機會及鼓勵，為童軍運動及社會服務。

深資童軍段章設計概念

活動策劃

活動策劃段章旨在培養成員的活動策劃及團隊合作能力。段章中兩人合作砌拼圖是象徵與他人協作的精神；而拼圖則代表每位成員在項目中都扮演著獨特而重要的角色，強調有效溝通與協作的重要性。

社會服務

社會服務段章旨在培養成員幫助他人的精神。
段章中人與人之間互相擁抱，象徵世界大同；而左手掌與心形的結合則體現童軍對社區的奉獻和愛心。此段章鼓勵成員積極參與社會服務，展現對社會的責任感。

多元技能

多元技能段章旨在鼓勵成員多元發展，探索和深造包括童軍技能在內的各項技能。
段章中薪火的元素象徵探索未知領域的熱情，同時也代表童軍傳統技能的承傳，而燈泡則寓意著擴闊視野及探索世界。

戶外探險

戶外探險段章旨在鼓勵成員通過戶外活動挑戰自我，欣賞和尊重大自然。
段章中的指南針象徵引領與探索的精神，幫助成員在旅途中找到方向；指針指向山峰，寓意成員勇於挑戰。而在外框的北極星指引下，成員能在冒險中堅持信念，辨認方向，向前邁進。

2. 進行海上旅程前，深資童軍需完成認許之海上旅程訓練。

旅程基本指引

所有的旅程需要盡量在陌生地方進行。人數以三至七人為一小組。若男女深資童軍同時進行考驗，小組成員必須最少為男女性各兩人。每位應考者必須在旅程中肩負領導及導航之責，並在旅程中完成一項自選事工。完成旅程後，每位應考者須於一個月內遞交旅程報告書及事工報告書。

深資童軍以任何選項完成旅程，原則如一。成員須得到一個有計劃、有意義及安全的旅程：

1. 旅程計劃

所有成員在事前必須有充足時間及機會自行策劃旅程。如計劃進行境外遠足項目，成員於出發前最少六個月填妥相關表格，向青少年活動署提出申請。

2. 旅程內容

不論本港徒步遠足、境外或海上旅程，主要過程必須在陌生地方進行。成員擬定在途中完成的事工或活動亦須具價值，相關成果對個人、社會或童軍運動本身有所得益。

3. 安全第一

成員必須時刻以各人之安全為首要考慮。尤其在境外或海上時，成員更需要與主考人保持聯絡，並嚴格遵照主考人之指示。選擇境外旅程的成員應於事前清楚了解當地習俗禁忌，以及於當地緊急求助的方法。如行程已獲主考人同意，應考者須盡速將旅程計劃書及全組參加者個人資料呈報總會國際署或內地事務署。同時，主考人亦要掌握在途成員的動向，隨時提供支援，並預早訂定緊急應變方案。若成員身處難以得到即時支援的地方，主考人有責任陪行，減低風險。

注意事項

(一)報考陸上徒步遠足或單車旅程考取戶外探險段章的深資童軍請注意以下事項:

1. 須由遠足審核員或高級遠足審核員負責審核。

(四)海外及內地活動津貼計劃

青少年活動署海外及內地活動津貼計劃設立目的,旨在鼓勵本會青少年成員及年青領袖,透過參加認可之海外及內地活動,除擴闊視野外,更鼓勵他們自我學習和啟發,培訓他們成為一個有自立能力、樂於助人、有責任感及勇於承擔的人。深資童軍可因應情況作出申請。

Venture Scout Section

Sectional Emblem

"Torch" has a close relationship with the Venture ScoutSection. It comprises a major part of the Dragon Scout Award Insignia for Leaders and the Dragon Scout Award.

The torch looks like "V" and shows "S"-like flames, forming "VS", the abbreviation of the Venture ScoutSection.

The torch also carries the meaning of passing the torch to the new generation, symbolising the aim of the Venture Scout Section to nurture future leaders for the Scout Movement and the society.

Venture Scout Training Scheme
First Edition: 1970

Eleventh Edition: 2026

Preface

The Venture Scout Section is an important programme for youth transitioning into greater maturity. Young people aged 15 to 20 are at a critical stage of establishing values for themselves and exploring their direction in life. Through a higher degree of autonomy and responsibility in training, they are prepared to learn self-management, planning, and leading others. The training at this stage helps young people gradually establish clear personal goals and their direction in life.

With "Self-governing and Self-programming, Tomorrow's Leaders" as its core educational goal, the Venture Scout Section encourages members to proactively plan activities, participate in service, and take on challenges within a self-governing framework. This hones their organisational and communication skills, decision-making abilities, and spirit of commitment, preparing them to become young leaders. Through practical experiences, members learn to take responsibility for their decisions and develop a mature leadership mindset.

The newly revised training scheme clearly integrates the progressive badge system as a learning system, emphasising equal importance on planning, action, and reflection. It assists Venture Scouts in building mature thinking and consistent attitudes, while cultivating the ability for continuous self-improvement. This edition continues to place greater emphasis on the depth and quality of learning.

The new training scheme also strengthens the connection between Venture Scouts and the community. Through practical service and teamwork, it guides members to care about social needs, apply what they have learned in real-world situations, and develop a sense of civic responsibility and social commitment. This makes service not just an activity, but a part of living out one's values.

I would like to express my gratitude to the Sectional Review Committee and all the leaders involved in the revision work for their valuable contributions in perfecting the Venture Scout training system. I hope Venture Scouts will make good use of the learning platform provided by Scouting, be brave in taking on responsibilities, continue to grow, and gradually develop into influential young leaders.

Foreword

The Venture Scout Section encompasses members aged 15 to 20 of the Scout Movement (up to the day before their 21st birthday). Youth members often face various challenges at this stage of their lives. The rapid transition in the academic environment brings immense uncertainty, from senior secondary school and public exams to tertiary education or the workplace. At the same time, they are gradually transforming from adolescents to adults, undergoing changes in social responsibility, identity, and lifestyle balance. These are exactly the educational needs addressed by this training scheme:

The main revisions of this syllabus are as follows:

1. Strengthening the self-programming and self-governing method of the Venture Scout Section. The current "Venture Scout Executive Committee Workshop" has been specifically revised. In addition to creating a better understanding of the Unit Executive Committee, it also emphasises how to make effective decisions at meetings and to systematically organise activities in a programme. The course helps new members in particular to build networks with peers to support their future projects.

2. Strengthening the element of choice. New options have been added while preserving the traditional training in Scoutcraft behind this highest award for youth members. For example, three new options have been added under the Service Badge (Sign Language, Mental Health First Aid, SOUL Keeper Course), and more ways to complete the Activity Badge under the category of "New Experience".

It is hoped that under the eleventh edition of the Venture Scout Training Scheme, Venture Scouts will make the best use of their time to receive the best training, contributing to the development of the Scout Movement and society, while fulfilling their personal development. Finally, on behalf of the Scout Association of Hong Kong, I would like to thank those who have put effort and contributed to the compilation of this training scheme.

Introduction

This book sets out the organisation, rules and training scheme of the Venture Scout Section. It also details the assessment requirements and standards of various Awards.

This is an official Training Handbook of Scout Association of Hong Kong. Its contents must be closely observed by all leaders. Any further amendments will be announced by circular.

What is self-governing?

Self-governing means the Venture Scout Unit and Unit affairs are self-managed by the Unit Executive Committee based on a democratic electoral system and the principles of Scouting.

What is self-programming?

Self-programming means the Unit members devise their own calendar based on the needs of the Unit, take active participation in training, service and all kinds of competitions, so that they are recognised as capable of organising and of playing an adult role in society.

Self-governing and self-programming must be applied in coordination so as to develop the characteristics and personalities of Venture Scouts in a comprehensive way. The ultimate goal is to let Venture Scouts accumulate more Scouting-based management experience and to nurture the essential qualities of a leader.

Role of Leaders

Leaders are role models of Unit members. They should provide guidance for members of the Executive Committee and other working groups. Related guidance includes planning and suggestions before an activity, and debriefi ng and refl ection after the activity. However, leaders should give freedom to members to implement their plans so that they can help develop members' leadership skills.

Role of Issuing Persons of Badges

Issuing persons may sign and issue valid certificates for badges. They may enlist the help of a relevant assessor in confirming the completion of various requirements.

- Membership Badge: Membership badge is awarded by the Venture Scout Leader after consulting the Unit Executive Committee.

- Venture Scout Epaulettes: Venture scout epaulettes are awarded by the Venture Scout Leader and may assign an assessor to oversee the completion of requirements.

- Badges: Badges are awarded by the Venture Scout Leader. Venture Scout Leaders may assign appropriate assessors to oversee requirements of badges. If the Venture Scout Leader is unable to arrange appropriate assessors, the respective District Commissioner, or their representative, usually the Assistant District Commissioner (Venture Scouts), are responsible for assisting the Venture Scouts.

- Bars: Bars are awarded by District Commissioners, Regional Commissioners, the Programme Commissioner, or their representatives, and may assign appropriate assessors. Venture Scouts should seek the assistance of their Venture Scout Leader and District in arranging for appropriate assessors. If the Venture Scout Leader and District is unable to arrange appropriate assessors, the respective Regional Commissioner, or their representative, usually the Regional Headquarters Commissioner (Venture Scouts) or the Assistant Regional Headquarters Commissioner (Venture Scouts), are responsible for assisting the Venture Scouts.

Role of Assessors

In general cases, the issuing person can act as an assessor. The issuing person can also arrange for a person with relevant qualifications to act as the assessor. An appropriate assessor can be a professional in the relevant field and does not necessarily have to be a Scout leader; however, the issuing person needs to provide clear instructions on award requirements to the assessor.

CHAPTER 1: Organization and Rules of the Venture Scout Section

The Aim

The aim of the Venture Scout Section is to continue the progressive training of the Scout Section in order to pass the torch to the new generation in the Scout Movement, and nurture future leaders for our society.

The educational goal of the Venture Scout Section is "Self-governing and Self-programming, Tomorrow's Leaders".

Venture Scouts adopt a self-governing and self-programming approach. Through life outdoors, challenging themselves, and progressive training, they learn self-study, self-reliance, and self-discipline; forge physical fitness; foster planning, organisational, and leadership skills; embrace teamwork; enhance interpersonal skills; practise team spirit; and prepare themselves to take a constructive place in society.

The Method

Guided by adult leaders, Venture Scouts apply the Executive Committee system. Through self-governing and self-programming, Venture Scout Units shall have progressive and challenging activities and training to achieve the Aim of the Venture Scout Section.

The Scout Promise

On my honour, I promise that I will do my best
To do my duty to God and to my Country
To help other people
And to keep the Scout Law.

The Scout Law

1. A Scout is to be trusted.
2. A Scout is loyal.
3. A Scout is friendly and considerate.
4. A Scout belongs to the worldwide family of Scouts.
5. A Scout has courage in all difficulties.
6. A Scout makes good use of time and is careful of possessions and property.
7. A Scout has self-respect and respect for others.

The Scout Motto

Be Prepared

Age Range

The age range of the Venture Scout Section is from 15 to 20 years old. The Venture Scout membership will end upon reaching 21 years of age.

Minimum Standards of a Venture Scout Unit

According to the Association's Policy, Organisation and Rules:

- Numbers:
  An established Venture Scout Unit shall have a minimum of six Venture Scouts.
- Leaders:
  There shall be at least two Leaders for the Unit and at least one of them is a Warranted Leader. There shall be at least one Leader who is of the same gender as the Members; and if the Unit has both male and female Members, there shall be both male and female Leaders.
- Youth Programme and Training:
  The programme and training of Venture Scouts shall be in accordance with the "Venture Scout Training Scheme" and any amendments thereto published by the Association Headquarters.
- Unit Executive Committee:
  The Unit Executive Committee is responsible for organising the annual programme of the Unit.

Internal Organisation of a Venture Scout Unit

1. General Meeting

   1.1 Responsibility

   The General Meeting is the highest administration authority of a Venture Scout Unit. The General Meeting can write and amend the Unit Constitution, formulate long-term plans for the Unit, elect Executive Committee members, review the programme and training planned by the Executive Committee and other temporary working groups, and audit the financial position of the Unit. The General Meeting should be convened at least once a year.

1.2 Composition

All valid Venture Scout members.

1.3 Authority

All valid Venture Scout members can vote for specific issues via a democratic and fair voting system. Unless the results violate the principles of Scouting, all voting related to Unit affairs will be considered final.

2. Executive Committee

2.1 Responsibility

The Unit Executive Committee is responsible for the composition, organisation, programme, training, and administration of the Unit as decided in the General Meeting. Short-term planning should be initiated by the Executive Committee in the first instance.

2.2 Composition:

An Executive Committee should have a Chairperson, Secretary, Treasurer and other positions as deemed appropriate, depending on the results of the General Meeting and the size of the Unit. The Executive Committee members, including the Chairperson and other members, shall be elected by the Unit members. Positions on the Executive Committee can be elected during the General Meeting or within the Executive Committee. There can be various election methods, e.g. plurality voting system, parliamentary system, two-round system, cumulative voting system, and proportional representation. Elections can be done position by position or by electing the committee members first before deciding the allocation of positions. No matter which voting system is used, it should be determined in accordance with the Unit's situation. The election method should be clearly stated in the Unit Constitution as well.

2.3 Authority

The General Meeting and the Unit Constitution empower the Executive Committee and its members to handle administrative and general affairs of the Unit. However, if there exists any motion that is related or of interest to the whole membership of the Unit, all related matters must be discussed and voted on during the General Meeting.

3. Temporary working groups

3.1 Responsibility

Temporary working groups are mainly responsible for implementing special activities of the Unit. The exact job duties shall be decided by the Executive Committee.

3.2 Composition

Members of the temporary working groups are Unit members who join voluntarily or are appointed by the Executive Committee. Venture Scout Units with more members can let non-Executive Committee members participate in Unit affairs and activity planning through temporary working groups, so that Venture Scouts have the opportunities to develop their leadership. The Chairperson and other positions of the temporary working groups are decided by the group members through election or appointment.

3.3 Authority

Since temporary working groups are appointed by the Executive Committee, group members report directly to the Executive Committee and are responsible to all Unit members.

Responsibilities and Requirement of Leaders

4. Role of Leaders

4.1 Leaders of a Venture Scout Unit are advisors in the General Meeting and shall provide opinions for Unit members.

4.2 All leaders of a Venture Scout Unit are ex-officio members of the Unit Executive Committee. The Venture Scout Leader, depending on the maturity and experience of the Unit members, may choose to be the Chairman of the Unit Executive Committee, or assign any Unit leaders to take up any positions in the Executive Committee.

4.3 The Venture Scout Leader is the Unit person-in-charge with the highest authority. He/ she possesses the right to interpret and the power to veto motions passed during meetings within the Unit. If any decisions made during meetings within the Unit violate the principles of Scouting, the Venture Scout Leader has the responsibility and the power to veto relevant voting results and terminate the related activities.

Expected Outcomes

Venture Scouts should actively participate in or organise various activities (such as skill training, service, competitions, etc.), serve as members of the Unit Executive Committee, working groups, and the Venture Scout Councils of the Regions and Association Headquarters, and try to take on leadership roles in various activities. Upon completing their Sectional training, Venture Scouts should be able to achieve the following expected outcomes:

1. Advancing their Scoutcraft and inspire the development of diverse "Activity Badge";
2. Master "Project" skills and develop their leadership skills as "Tomorrow's Leaders";
3. Broaden personal networks and build team spirit;
4. Develop the self-programming and self-governing spirit and sense of "Service Badge";
5. Enjoy "Exploration", broaden horizons, and thereby appreciate and respect nature.

On completion of their Venture Scout training or reaching the age of 21, a Venture Scout may continue their Scouting life by serving as an adult leader or joining a Rover Scout Crew. The Rover Scout Section is the fifth Training Section that aims to connect and provide opportunities and support to young people who care about our society and are devoted in services to serve the Scout Movement and the community.

DESIGN CONCEPTS FOR VENTURE SCOUT BADGES

The puzzle pieces represent the unique and vital role each member plays in a project, emphasizing the importance of effective communication and synergy.

SERVICE

The Service Badge is designed to foster a spirit of altruism. The figures embracing one another symbolize universal brotherhood, while the combination of a left hand and a heart reflects a Venture Scout's dedication and love for the community. ACTIVITY

The Activity Badge encourages multifaceted development and the exploration of various proficiencies, including traditional Scouting skills. The element of "fire" symbolizes passion for exploring the unknown and the heritage of Scouting traditions, while the "light bulb" signifies broadening one's horizons and discovering the world.

Exploration Guidelines

Expedition Training

1. Before starting the hiking expedition journey, Venture Scouts must complete recognised expedition training.
2. Before starting the sea expedition journey, Venture Scouts must complete recognised sea expedition training.

Basic Guidelines for Expeditions

The expedition should be carried out in an unfamiliar place. The group should consist of 3 to 7 persons. For mixed group, there must be at least 2 of each gender. Each candidate must take a leading role and navigate during the expedition journey and complete 1 project of their own choice. Each candidate must submit an expedition logbook and a project logbook within 1 month after completing the expedition.

The guidelines remain the same for Venture Scouts choosing other elective modules. Participants should have a well-planned, meaningful and safe journey.

1. Preparation

All participants should have sufficient time and opportunities to plan their expedition. Candidates choosing overseas expedition, it is required to complete the relevant form and submit an application to the Programme Branch at least six months before departure.

2. Journey with Purpose

The major part of the expedition should be carried out in an unfamiliar place, be it local expedition on foot, overseas expedition or sea expedition. The projects decided by participants to be completed during the expedition should be meaningful and benefi cial to individuals, the society or the Scout Movement.

3. Safety First

Everyone's safety is the first priority. Members must maintain communication with the assessor and strictly follow instructions, even more so when overseas or at sea. Teams choosing overseas expeditions should clearly understand local customs and taboos beforehand, as well as methods for seeking local emergency help. Once the itinerary is approved by the assessor, candidates must

promptly submit the expedition plan and the personal details of all team members to the International Branch or Mainland Affairs Branch of the Association. At the same time, the assessor must keep track of the team's travels, provide support at all times, and prepare contingency plans in advance. If members are in a place where it is difficult to receive immediate assistance, the assessor has the responsibility to accompany the team to reduce risks.

Point to Note

(I) Venture Scouts applying for the hiking or cycling expedition for their Expedition Badge should note the following:

1. The expedition must be assessed by a recognised Expedition Assessor or Senior Expedition Assessor; and
2. Candidates must not have completed the Exploration Badge.

(II) Venture Scouts applying for the hiking or cycling expedition for the Expedition Bar should note the following:

1. The expedition must be assessed by a recognised Senior Expedition Assessor; and
2. Upon agreement of the Expedition Assessor, the assessment can be altered to two linked expeditions of 2 nights each. The connection on arrangements should be shown on expedition planning. Candidates should complete the two linked expeditions within 6 months with the same group members if possible.; and
3. Candidates must not have completed the Exploration Bar.

(III) At the discretion of the Expedition Assessor or other stipulated assessor, flexibility can be applied regarding the required distance based on factors such as difficulty of the route, weather, or various unforeseeable circumstances, allowing the item to be completed without reaching the specified distance.

(IV) Overseas and Mainland Activities Subsidy Scheme: The Overseas and Mainland Activities Subsidy Scheme was established with the aim to encourage our youth members and young leaders to broaden their horizons through the participation of overseas and mainland activities. Through these activities, they are encouraged to have self-learning and reflection, so as to be independent, helpful, responsible and engaged people.Venture Scouts may apply for funding.

What is a "Journey with Purpose" and the Guidelines for Self-Selected Projects

1. An expedition is a "journey with a purpose", meaning it is designed to achieve a goal or have specific meaning to the team. This journey, conducted outdoors or overseas, can involve learning and applying new skills, gaining a deep understanding of a culture, performing volunteer service, or engaging in self-reflection and growth. While enjoying different types of journeys, Venture Scouts gain profound experiences and personal development.

2. Expedition projects must be conducted along the journey, whether on foot, bicycle, driving, mechanical transport, or by sea. This can involve travelling to reach relevant locations to carry out the project, as the outdoors and overseas are exciting places for exploration. While many projects can be completed online, expedition projects should not be completed merely through online resources, nor done simply for the sake of fulfilling a requirement.

3. Expedition projects can take the broad direction of field research, exploring cultures, service, or preparing for future activities, etc., emphasising the principle that they "must be meaningful and beneficial to individuals, society, or the Scout Movement. Examples are not limited to:

    - Field Research For example: Research on the rocks around the East Dam of High Island Reservoir in Sai Kung, research on the mangroves around Kuk Po in Tai Po, research on biodiversity or tree surveys around Mai Po, research on temples around Tai Lam, water quality studies, coral research, etc.
    - Service For example: Inspecting the condition of distance posts on trails, checking for trails that need maintenance or drains that need clearing, introducing and sharing "Leave No Trace" principles with hikers, etc.
    - Activity Preparation or Cultural Exploration For example: Designing and reconnoitering a one-day hiking route for Cub Scouts or Scouts, Hong Kong historical trail exploration (e.g., exploring and sharing findings on the City of Victoria Boundary Stones, the seven MacIntosh Forts), etc.

Plan and log book Format are no fixed format, but they should include the following content:

Plan book:

1. Aim and Objectives: Clearly state the general purpose of the journey (e.g., learning, service, cultural exploration, etc.) and specific objectives.
2. Itinerary: Route information, including departure and return times, modes of transportation, activity plans, and locations.
3. Expected Outcomes: The results expected to be achieved by the expedition and project, such as improving skills, community involvement, personal growth, etc.
4. Participants: List the names, ages, and roles (e.g., leader, etc.) of the participants.
5. Equipment and Finances: Detailed description of required equipment, funds, or other resources.
6. Risk Assessment: Potential risks and safety precautions.
7. Method of Evaluation: Outline ways for evaluating the methods for completing the expedition project, including methods for incorporating feedback and reflections.

Log book:

1. Summary: Briefly review the background, aim, and main activities of the expedition.
2. Feedback: Collect opinions and reflections from participants, summarising their learning and experiences.
3. Outcomes and Impact: Record the impact made on individuals, society, or the Scout Movement.
4. Overcoming Challenges: Describe the challenges faced during the journey and how they were handled.
5. Recommendations: Suggest improvements and how to better conduct future expeditions.
6. Reflections: Share personal thoughts and reflections.
7. Appendix: Include relevant photos, questionnaires, data, or other supporting materials.
